Career Summary:

- Dynamic Enterprise Sales Professional with extensive experience in B2B client acquisition, corporate sales, and customized solution development across the ISP and IT industry. Skilled in identifying new market opportunities, negotiating high-value deals, and delivering tailored solutions including domain, hosting, Microsoft products, and SSL services. Strong ability to generate self-sourced leads, onboard business clients, and build long-term partnerships. Experienced in market insight reporting, data presentation, and collaborating with business development teams to enhance product offerings and drive company growth.
- Result-oriented Assistant Manager with a proven track record of combining market research, data-driven insights, and client needs analysis to shape strategic decisions in the ISP/IT sector. Adept at designing new product bundles, segmenting emerging markets, and supporting management with detailed business intelligence reports. Skilled in stakeholder communication, cross-functional coordination, and executing branding and promotional activities. Recognized for strong leadership, negotiation, and the ability to convert market trends into scalable business opportunities.
- Accomplished Corporate Sales Specialist with hands-on experience managing a diverse portfolio of clients such as ASUS, Symphony, Euro Gaz LPG, and other major corporate brands. Expertise in client handling, after-sales support, requirement mapping, and solution delivery. Demonstrated ability to maintain strong customer relationships, resolve complex issues, and ensure customer satisfaction. Known for professional communication, proactive problem-solving, and providing personalized enterprise-level solutions that align with clients' operational needs.
- Versatile and growth-focused Enterprise Business professional with a strong foundation in B2B sales, customized solution design, and new market development. Skilled in negotiating win-win deals, leading small teams, executing promotional campaigns, and supporting product launches. Experienced in digital content strategy, business model creation, and report preparation. Brings a blend of analytical thinking, creativity, and hands-on sales expertise, backed by a MBA in Marketing & BBA in International Business and continuous training in sales mastery and communication skills.

Career Objective:

- Driven Enterprise Business professional seeking to accelerate growth in the ISP/IT sector by acquiring and nurturing B2B clients, negotiating win-win deals, and designing customized solution bundles. I aim to turn data-driven market insights into clear go-to-market actions, lead teams effectively, and open new segments that deliver measurable, sustainable revenue.
